Reply of Government.—This cannot be done.

Subject No. 418
Repair of Yelwal tank and establishment of a Dispensary at the place.

Summary of discussion.—Yelwal is a populous village situated at the junction of four roads, but is badly supplied with drinking water. The tank of this village may be repaired and arrangements made for the supply of a sufficient supply of wholesome water. A Dispensary too is a desideratum at that place.

Reply of Government.—Referred to the Local Fund Board for such action as may be deemed necessary. Government do not however consider a dispensary urgently required at Yelwal which is so close to Mysore.

Subject No. 419
Repair of Kodi Somesvara temple in the fort of Mysore.

Summary of discussion.—The temple of Kodi Somesvara in the fort of Mysore contains the tutelary deity of Yadavaraya and Krishnaraya, the founders of the present Royal House of Mysore. It receives a small tasdik which is hardly sufficient for ordinary expenses connected with the performance of pooja therein; and unless special Funds are given, its repairs cannot be undertaken. This and the establishment, in connection with the temple, of a school for imparting instruction in Arya Matha and of an Orphanage, are matters which deserve the favorable consideration of Government.

Reply of Government.—Referred to the Muzrai Department.

Subject No. 420
Extension of Bogadi road up to Gurupur.

Summary of discussion.—The road from Kukarhalli to Bogadi may be extended to Gurupur so as to benefit the people of about 50 villages who at present possess no proper means of communication.

Reply of Government.—Referred to Local Fund Board.

Subject No. 421
Increase of tasdik to certain temples.

Summary of discussion.—In reply to a representation that the tasdik of the temples of Arkesvaraswami and Ramaswami at Yedatore and Chunchankatte be increased, Government were pleased to say that lands would be granted for the benefit of those temples free of payment. But when an application was accordingly made for certain wet lands, Rs. 50 per acre were demanded as an upset price. As the people interested in the temples are unable to meet this demand, it is hoped that Government will not only increase the tasdik allowances, but also give the temples a portion of the Brijlal Dass's Charity Fund.

Reply of Government.—A compliance with this request does not seem feasible. Valuable wet lands will be given on payment of the extremely low rate of Rs. 50 an acre.

Subject No. 422
Repair of Mirle-Saligram road.

Summary of discussion.—Government may be pleased to order the early execution of repairs to the Mirle-Saligram road and the construction of tunnels across the several jungle streams through which the road passes.

Reply of Government.—Referred to Local Fund Board.
